<b>7</b>	<b>Handling and Storage</b>	
	Storage Temp (°C) Transportation Temp (°C) Viscosity Shipping Containers Notes:	Maximum 35 Maximum 45 Solid Cardboard Carton Store in a dry condition, away from foodstuffs or product that must not run the risk of odour tainting: Store in a well ventilated area: Keep away from strong heat / light sources and flammable, heat or ignition sources.
<b>8</b>	<b>Exposure Controls / Personal Protection</b>	
	General Protective and Hygiene Measures Breathing Equipment Hand Protection Eye Protection Body Protection Exposure Limits Carcinogenicity	Gloves, wash hands after handling product None Required Glove None Required None Required None Required None
<b>9</b>	<b>Physical and Chemical Properties</b>	
	Softening Point Melting Point Flash Point Density Solubility In Water	50°C 100-190°C >100°C 0.920-0.970 Not Soluble
<b>10</b>	<b>Stability and reactivity</b>	
	Thermal Decomposition / Conditions to be avoided Dangerous Reactions Dangerous products of Combustion	No Decomposition in normal storage and use Avoid strong oxidizing materials and amines. None Known
<b>11</b>	<b>Toxicological Information</b>	
	On the Skin On the Eye Sensitization Additional Information: This product does not cause any known harmful effects during normal use and exposure.	Mild and temporary irritation Mild and temporary irritation Eucalyptus, Mint, Orange, Anise natural oils present.
<b>12</b>	<b>Toxicological Information</b>	
	Ecological information	Not Known to be Hazardous to water
<b>13</b>	<b>Disposal Considerations</b>	
	Disposal of unused product should be by designated recycling with an experienced reprocessing business Disposal of the product once used, should be by the stated disposal method for the type of contents encompassed within: Known to be Incineration for bio hazard waste. Do not litter the product	
<b>14</b>	<b>Transport Information</b>	
	Not Classified as Dangerous for transport of any kind. H.S code for the product is 3307.4900.
